■ WELCOME TO EAVES STONE

First, we would like to thank you for your consideration of Eaves Stone in your building requirements. As you flip through our product portfolio we would like to take this time to make introductions and answer any questions you may have.

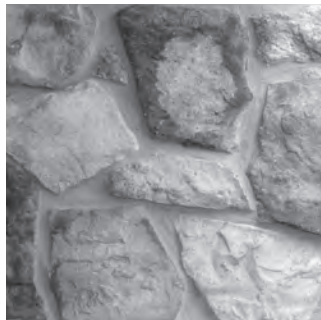

For over 38 years Eaves Stone has been providing the finest in manufactured stone products. Our product offering is one of the most extensive in the industry, our warranty is second to none, and the list of satisfied customers who have chosen Eaves Stone would quite literally fill an entire book. It is this foundation of customer satisfaction that has built the Eaves Stone brand into one of the leading manufacturers of stone products in the region.

We understand that you, the customer, have a plethora of options from which to choose when it comes to your project. Our goal is to make your decisions just a little easier. No matter what your architectural style may be, you can rest assured that Eaves Stone has the experience, knowledge, capacity and desire to help you accomplish your goals. If you need any assistance in turning your inspiration into reality, please allow us to continue to build on 38 years of experience with you. Because turning inspiration into reality is what we do.

*Thank You,
Ryan Eaves – President*

**custom blend example*

A photograph of a single-story house with a gabled roof and a mix of stone and brick exterior. The main entrance is a large arched doorway with a wooden door. To the right, there's a window with a brick surround and a small arched window above it. The house is surrounded by a green lawn and some landscaping.

A WISE MAN BUILDS HIS HOUSE UPON THE ROCK.

MATTHEW 7:24-25

This home features cobblefield in antique white

THE EAVES STONE DIFFERENCE

While most companies offer a combined experience, here at Eaves Stone, we offer experience based on longevity. We have been producing manufactured stone veneer, and cultured stone for over 30 years, and stand by our name and product.

Our company has built a relationship with customers, which has allowed us to grow at a continuous rate. This type of growth has enabled us to meet the needs of any job. From large commercial projects to a single fireplace, we are here for you.

SIGNIFICANT EAVES STONE BENEFITS

One of the most common questions we receive is “Why should I use Eaves Stone and not natural stone?” The following outlines the benefits you will receive when choosing Eaves Stone over natural “rock.”

Significant cost savings versus natural stone

Light weight nature of the product

Environmentally friendly

Can be applied to any properly prepared surface

Lasts for generations after years of weatherization

Low-maintenance no special care required

Improved appearance increases value

50 Year Warranty
